JACK MUSCROVE BAND OF BANDITS

New Mexico Sheriffs Organizing Posses to Hunt Them Down.

A WAR OF EXTERMINATION.

It Will be Waged Against the Outlaws-Gov. Otero is Behind This Movement.

El Paso, Tex., Feb. 14.-Pursuant to Instructions from Goy. Otero, of New Mexico, the sheriffs of Guadalupe, Union, Lincoln and Chaves counties are erganizing posses of picked men to hunt down the members of the Jack Musgrove band of bandits which has recently terrorized that region. This means that a war of extermination will be waged against the outlaws and exciting times are expected in that portion of New Mexico to which the outlaws have retreated. They are said to be in the fastness of the wild Capitan mountains. The governor addressed a strong letter to the sheriffs of the four counties mentioned urging them to "end the reign of terror in the isolated settiements of eastern New Mexico, caused by the murdering and pillaging outlaws" and promising that he will recommend to the next legislature that newards be given those who are instrumental in capturing and convicting the brigands.

Fight Over a New York Sheriffs Office

New York, Feb. 14 .- The fight over the office of sheriff in Hamilton county in the heart of the Adirondacks, has developed into a fight of another kind, according to a Herald dispatch from Saratoga. At the election last November, Locke (Democrat) was declared elected by the board of supervisors, but Kathan, the Republican candidate, car-ried the matter to the courts, charging frauds and irregularities and the su-preme court decided in his favor.

Meanwhile Locke had taken posses-sion of the office including the court-house and jail and refused to obey the order of the court and surrender to his

Both claimants organized forces to secure the prize and Locke has, it is re-ported, fortified himself in the county jail declaring the decision was wrong and will be reversed and he does not propose to give up until the case has been determined by the court of last

Meantime the county, which is inac-cessible by railroad is buried deep in show, and there are fears that trouble may be precipitated before the state authorities can intervene to enforce the decision of the court.

A TEST EXPERIMENT.

Peculiar Power Possessed by a New Medicine.

Medicine.

Of new discoveries there is no end, but one of the most recent, most remarkable and one which will prove invaluable to thousands of people, is a discovery which it is believed will take the place of all other remedies for the cure of those common and obstinate diseases, dyspepsia and stomach troubles. This discovery is not a loudly advertised, secret patent medicine, but

scientific combination of whole perfectly harmless vegetable essences, fruit saits, pure pepsin and bis-

These remedies are combined in lozenge form, pleasant to take, and will preserve their good qualities indefinite-ly, whereas all liquid medicines rapid-ly lose whatever good qualities they may have had as soon as uncorked and exposed to the air.

This preparation is called Stuart's Dyspepsia Tablets and it is claimed that one of these tablets or lozenges will digest from 300 to 3,000 times its will digest from 300 to 3,000 times its own weight of meat, eggs and other wholesome food. And this claim has been proven by actual experiments in the following manner. A hard boiled egg cut into small pieces was placed in a bottle containing warm water heated to ninety-eight degrees (or blood heat), one of these Tablets was then pieced in the bottle and the property of the prope then placed in the bottle and the proper temperature maintained for three hours and a half, at the end of which time the egg was as completely digest-ed as it would have been in a healthy stomach. This experiment was under taken to demonstrate that what it would do in the bottle it would also do in the stomach, hence its unquestionable value in the cure of dyspepsia and weak digestion. Very few people are free from some form of indigestion but scarcely two will have the same symptoms. Some will suffer most from distress after earting, bloating from gas in the stomach and bowels, others have acid dyspepsia or heartburn, others palpitation or headaches, sleeplessness, pains in chest and under shoulder blades, extreme nervousness as in nervous dyspepsia, but they all have same cause, failure to properly digest what is eaten. The stomach must have rest and assistance, and Stuart's Dyspepsia Tablets give it both, by digesting the food for it and in a short time it is restored to its normal action and vigor. At same time the Tablets are so harm-less that a child can take them with benefit. This new preparation has al-ready made many astonishing cures,

ready made many astonishing cures, as for instance, the following:

After using only one package of Stuart's Dyspepsia Tablets I have received such great and unexpected benefit that I wish to express my sincere gratitude. In fact it has been six months since I took the package and I have not had one particle of distress or difficulty since. And all this in the face of the fact that the best doctors I consulted told me my case was Chronic Dyspeptold me my case was Chronic Dyspersia and absolutely incurable as I had suffered twenty-five years. I distributed half a dozen packages among my friends here who are very anxious to

try this remedy.

GREEN-ROWAN CONTEST TONICHT

Lovers of the Boxing Sport Greatly Interested.

THEY MAY GO 20 ROUNDS.

Young Green Will Weigh 127, While Rowan Tips the Scales at 118 Lbs. -Flynn in Preliminary.

The most noted boxing contest of the season will take place tonight at the Salt Lake athletic club's quarters between Phil Green, the lightweight champion of Utah, and "Silent" Rowan, who claims the championship of the Northwest. The sporting fraternity is all agog over the event and opinions are about evenly divided as to what the result will be. Any one caring to place a few dollars on the result either way finds little trouble to do so.

Since the match was signed Green has been the favorite up until the arrival of the mute, and then many changed their minds, "Silent" is very popular here because he is a good natured little fellow and generally does his best to please the ring followers. He looks larger than Green but he claims he weighs but 118 pounds. He has the advantage of ring experience, he is taller and has a longer reach. Green has the best of it in weight, and will step into the ring at 127 pounds. He is in the very best possible physical condition and is undoubtedly able to go the limit with an eyen break. No matter what position the mute may get him in, he will have to "look a leddle oudt" as Green can deliver a punch from any position if he is on his feet.

Both men stopped training yesterday Green went four rounds and finished with gymnasium work, and Rowan boxed with his big brother "Dummy." In the preliminaries, Kid Flynn will show the spectators what he can do in a bout with Jim Francis.

L. D. S. ARE CHAMPIONS.

Girls Win the Third Game of Basket Ball in The Series.

The question of championship so far as the girls' basketball league is concerned was settled last evening when the L. D. S. U. girls defeated the High schoolers by a score of 14 to 6, and won schoolers by a score of 14 to 6, and won the third game from them. Although the High school lost again, the girls played with a vim seldom seen in the game, and the kept the victors guessing all the time. They were the aggressors and once or twice it looked like they would secure the lead. After the contest Freeman Bassett of the Athletic association gave the team a banquet. The teams lined up as follows:

IS FITZ STILL THINKING? He Gets a Week to Decide-Jefferies Will Not Split Purse.

Champion James J. Jeffries is so anxious to get Bob Fitzsimmons into the ring with him again that he has given the Cornishite time to think over the proposition last made by him. Jeffries still refuses to split the purse even but makes fitz what he considers a good offer. In a recent interview Jeff said: "I think a week long enough for Fitz to arrive at some conclusion. I will give him fairer terms than he ever gave me, but I won't split the purse. Even if I agreed to split the purse, that would not end the matter or clinch the match. There is the question of referee, what club we are going to fight for and the picture privilege to be decided yet."

Jeffries is certainly trying hard to induce Red Robert to enter the ring with him. He is one of the few heavyweight champions who is really anxious to fight. We have been so used to watchfight. We have been so used to watching the champions airing their grievances in the daily papers that it is hard to believe one of them really means what he says. It begins to look as if Fitz will accept the terms offered by Jeffries and sign. He needs the mone, and the losing end of a contest of this kind would run un into the thousands. kind would run up into the thousands.

KENNEDY AND FITZSIMMONS. It came to pass that Kennedy, of the tribe of managerites, over against Man-hattan, sought far and wide for Fitz, the Cornishite, son of Swat, the Wallo-pite. And behold, Fitz, the Conishite, pite. And behold, Fitz, the Conishite, did dwell in a cave, even by the sea, beyond Bensonhurst. Thereupon Kennedy, he of the managerites, didst take 30 pieces of silver, and mounting his camel, went straightaway to the cave of Fitz. And he spake unto Fitz and

Didst I not make dizzy Maher, the Mickite, capsize Sharkey, the saliorite, and smother Corbett, the clerkite? Wherefore, then, should I become angered by Jeffries, the coastite? "And verily," said Kenedy, the managerite, "Jeffries, the coastite, doth say that he who smites the hardest is to take all but a few of the shekels."

Last night the championship basket-ball game scheduled between the Y. M. C. A. and L. D. S. U. teams of the city league did not materialize on account of the Christians failing to put in an appearance. It is said that the team has practically disbanded. Company C boys say they will play out the schedule, and that means there will be at least two more games before the championship is finally settled. The L. D. S. team has played splendidly this year and is entitled to great credit. They have won every game and it looks as though the championship would go their way.

Joe Choynski thinks the statement that he is too old to fight out of line and says in defense of himself:

"They say I am too old to hartle "" s a queer statement when it is known to everybody that Fitzsimmons is well past 40 years of age. Jim Corbett is 36 —that I know, because I went to school with him—and there are a number of others in the same fix. As for myself, I am only 33 and that's the truth. Does that make me too old? What have I done that would indicate that I am too old to box? It's the most foolish thing that has been sald in a long time. Just give me the chance and I will box as well as any of them."

New York, Feb. 14.—Because of the iolation of rules of the American Athletic union, by two swimmers of the Knickerbocker club, that club will not will not be represented in the aquatic sports at Chicago and its water polo tam, which holds the championship of

the United States, may be disbanded.

These men L. A. Goodwin and L.
B. Handley, together with "Don"
Reeder, unattached, all of whom are among the best known swimmers in the country, must face charges respecting their amateur standing to be made by the Duquesne county and Athletic club of Pittsburg. Goodwin and Handley are members of the K. A. C. water pole team, while Goodwin is also the half mile champion, and Handley the A. A. U. medley champion, for walking, running, cycling, riding horseback,

rowing and swimming. These athletes are said to admit that they went to Pittsburg a week ago and competed in a water polo game as members of the Homestead Literary and Athletic club against the Duquesne School and Athletic club. They were recognized by members of the Du-

quesne club. Goodwin and Handley have been called upon to make an explanation by the swimming committee of the K. A. C., of which Frederick S. Taylor is chairman. They were to go to Chica-go this week, with J. A. Ruddy, anoth-er member of the club, but upon learning of their action the club at once canceled the Chicago trip. As they are strong members of the water polo team, their suspension by the A. A. U. may lead to its disbandment.
